

Women Build

2024 Sponsorship Opportunities

Habitat
for Humanity®
Greater Portland

What is Women Build?

Women Build seeks to empower women while making a powerful impact on affordable housing in our community. For four weeks both this spring and in the fall, women from across Greater Portland will come together for a truly unique opportunity to promote positive, women-led impact.

Between individual fundraising efforts and support from corporate partners, our goal is to raise \$60,000 that will support Habitat's affordable homeownership and low-cost repair programs.
